☆ **Harmony Pillow**

Harmony pillow

The pillow for the elderly.

The old man often puts things under his pillow when he is sleeping. when the sleep in the night, the glasses and the medicine or emergency. You can find anything when you need it. Easy to seek out. The pillow is a simple design. Items can be placed in a pillow. Always get what you need. Easy access.

Problem

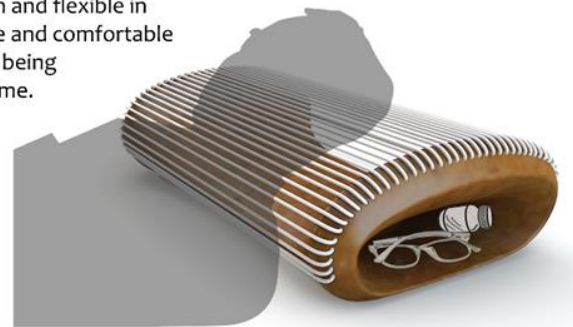

Old people usually used to keep more belongings around them, such as glasses, acute medicine, etc. When they go to sleep, it's not easy for them to catch the urgent drugs which they need most, especially for who the eyes are very good.

Normal pure cotton pillow which is not breathable in the summer, causes some skin diseases and a decline in sleep quality.

Solution

It's a brand new design to put grooves on the both sides of the pillow, so that the old could put the emergency items close to them, the base is made of fragrant wood which generate fragrances also it has the effect to calm the nerves. The top string is made of nylon fabric, which is resistant to abrasion and flexible in strength. The string pillow is fully breathable and comfortable which prevent the head skin disease due to being touched to the pillow for a long period of time.

Design Inspiration

Pillow design inspiration comes from the Chinese guzheng, which is one of the more popular musical instruments in the tang dynasty, Guzheng sound beauty, beauty in charm, beauty in ancient simplicity, beauty in elegance, beauty in purity, beauty in flowing. The melody of the zither will cause you to sink your thoughts. Even after listening, the aftertaste is endless.
